Passenger Assistance

Tri-CAP Transit Connection provides curb-to-curb service. Drivers are never permitted to enter a passenger's home. Passengers must be ready and waiting at the curb when the bus arrives. All wheelchair passengers must have a ramp at their home. Under no circumstances will the driver take a wheelchair up or down steps. For safety reasons, passengers using a scooter type electric cart may be asked to transfer to a bus seat. All wheelchairs and electric carts must fit properly on the lift mechanism and must be secured safely in order for the bus to transport. Passengers will care for themselves while on the bus or will be required to have an assistant ride with them. Tri-CAP reserves the right to assess the fit of each wheelchair/scooter to our equipment before transporting. We may suggest that an assistant accompany and/or help with the transport of a conveyance that could include loading and unloading as well as any other tasks for safe handling deemed necessary by Tri-CAP staff. We are unable to transport any wheelchair or scooter that does not fit properly on our lift or cannot be safely loaded and secured.

Package Policy

For the comfort and safety of all Tri-CAP passengers, packages will be limited to the amount each passenger can carry in one trip. Items carried onto the bus must remain with the passenger and may not obstruct the aisle or wheelchair securement area.

Drivers are limited to assisting passengers with one trip and will only load and unload packages to and from the curb. Passengers are allowed to travel with a 2 wheel cart and the combined weight of packages cannot exceed 35 pounds. Passengers are required to make alternate arrangements if more assistance is needed. Exceptions to this policy will be made for those passengers traveling from a local food shelf.

For the safety of passengers and drivers, bicycles or other non-securable items are not permitted on the bus. Buses cannot wait for passengers at the bank, post office, etc. Drivers do not leave the bus to go into facilities or homes.

Pick Up Window

Passengers must allow a ten minute window on either side of the scheduled pickup time, as the bus may be running either early or late due to scheduling, weather or traffic conditions. For example, if you are scheduled for a 9:00 pickup, the bus could arrive between 8:50 and 9:10 and you are expected to be ready. The bus will leave after waiting for three minutes.

No-Show & Service Suspension Policy

A no-show means any of the following:

1. A passenger who is not at the designed pick up point when the bus arrives, and has not cancelled the trip in advance.
2. A passenger who decides not to ride after the vehicle has arrived.
3. A passenger who cancels with less than 24 hours notice.

A passenger who has a no-show as defined above will be issued a warning letter within three working days of the offense for each occasion and could risk suspension from use of the service under the following guidelines:

- ◆ Within a three-month period beginning on the date of the first no-show warning, two warning letters will be mailed to the no-show passenger. If a third no-show occurs during the three-month period, the passenger will be suspended from using the service for 14 days. If the three-month period expires before three no-shows occur, the clock starts over on the three no-show rule.
- ◆ Within a 12-month period beginning on the date of the first no-show warning that resulted in a 14 day suspension, the second suspension will be for 30 days, the third is for 60 days and any subsequent is for 6 months.

Ride Cancellations

Ride cancellations should be made 24 hours in advance whenever possible. At the discretion of the Tri-CAP office staff, cancellations of less than 24 hours may be defined as no-show appointments and follow the warning procedure outlined above. Just as with no-show appointments, repeat cancellations could result in suspension from service.

Passenger Conduct and Responsibility

In accordance with Minnesota Statute 169.686, passengers must fasten and keep fastened the factory installed seat belt system while the bus is in motion. A person who provides a written certificate from a licensed physician verifying the inability to use a seatbelt because of a medical condition or physical disability will be exempt according to MS 169.686 subd 2. All passengers will behave in a courteous manner at all times with consideration for fellow passengers and Tri-CAP staff. Smoking or use of other tobacco products, e-cigarettes and consumption of food or beverages is prohibited, unless warranted by medical accommodation. Passengers using inappropriate language, engaging in horseplay, fighting or hitting, in possession of illegal drugs or who lack personal hygiene will not be permitted to utilize Tri-CAP's transportation services. Tri-CAP reserves the right to indefinitely or permanently suspend any passenger because of seat belt or conduct issues. Non-service animals must be contained in an appropriate carrier. Shirt and shoes are required. Alcoholic beverages can be transported only when the full original packaging is in-tact. Any opened case, open bottle or other opened alcoholic beverage container is strictly forbidden. All packages or shopping bags must leave the bus with the passenger. Anything left on the bus will be considered abandoned and disposed of accordingly. Children who ride alone must be able to wait at the designated pick up location for the arrival of the bus and able to care for themselves once they are on the bus. Preschool children pickups and drop-offs must be the same for everyday of the week.

Potentially unsafe conditions for passengers and/or vehicles may require changes in routes or schedules. Passengers will follow the instructions of the bus driver in the event of an emergency.
